**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We want open competition for providers for telephone and internet... and without any more price hikes. Both internet and telephone are essential to our living, both for personal and business applications. I need efficient and reasonable internet service for work and for daily life.

No to rate increases!

Yes to open competition for these services.

Thank you,

John Sutherland
